Queensland Driver Profile Checklist

What photos you need to upload:

- Your gorgeous face**
Why? Passengers need to be able to identify you during pick up

- Your car: front, back and side view**
Why? We need to check your car is the one registered and insured, and that it is in good condition.

- The front of your drivers licence**
Why? We need to check you are the insured driver, and that you are who you say you are!

- The back of your drivers licence (with current home address if changed)**
Why? This is also for verification purposes, and to check your address if it has been changed.

- Your car registration**
Why? So that we can verify that your car is registered to be on the road.

- A vehicle safety certificate that is less than 12 months old**
Why? This tells us whether your car is safe enough to be picking up the most precious cargo – our passengers! We don't have an age limit for cars, so this ensures your vehicle will safely get passengers from A to B.
How? Head to an approved inspection station anywhere in Queensland. A safety certificate will generally cost \$80.

- Current rideshare insurance for the car you'll be driving**
Why? Not all car insurance covers rideshare drivers. As there are different liabilities involved with driving passengers, make sure your broker explains the impact of ridesharing on your policy.
How? You can get a quote for rideshare insurance [here](#).

- A valid passenger transport driver authorisation**
Why? A driver authorisation is required for drivers of public passenger vehicles.
How? Download an application form from the [Department of Transport and Main Roads](#). You'll also need to complete a medical assessment form (click [here](#) if under 60, click [here](#) if 60 or over) and pass a criminal history check.
